RESPONSE TO OFFICE ACTION

Sir:

This paper is herewith filed in response to the Examiner's Office Action mailed on January 31, 2008 for the above-captioned U.S. Patent Application. As such, no petition for an extension of time or fee is believed to be due, as this response is herewith filed within the shortened statutory period. However, should the undersigned agent be mistaken, please consider this a petition for any extension of time that may be required to maintain the pendency of this Patent Application, and charge deposit account no. 09-0466 for any required fee deficiency.

Please amend the application as shown below.

INTERVIEW SUMMARY:

A telephone interview was held on Tuesday, April 29, 2008 with the following attendees: Examiner Jeffery A Brier and Applicant's Representative John A. Garrity Registration No. 60,470. The Applicant scheduled the Interview with the Examiner to discuss claims 12, 16, 18-19, and 22. More specifically the Applicant's Representative scheduled the Interview with the Examiner to discuss proposed amendments to the independent claims. During the Interview the Applicant proposed amendments including combining claims 16, 12, and 22 and adding limitations concerning filter criteria. The Examiner indicated that the proposed amendments may be allowable pending a further search.

It is believed that the above interview summary should constitute a full and appropriate response to any interview summary subsequently sent by the Examiner. As such, should such an Examiner Interview Summary be received, no further response will be submitted thereto.
